\* Vedi foglio successivo per dettagli

Nelle sere libere e la domenica, il Group Leader organizzerà delle attività opzionali, per esempio visita alla nave SS Great Britain, Arrampicata, Bowling

## Creative Classes

Some afternoons each week students will take free creative classes, where they learn a new skill and work towards a project. Classes are fun, practical and ensure maximum exposure to the kind of English you need for both work and leisure. Choose from:

**Photography:** combines classroom-based, photography-related lessons with lots of photography field work and editing skills

**Film Making:** engages you in the enjoyable and creative process of producing short video clips

**Drama:** you work on pronunciation, stress and intonation, plus the necessary dramatic skills to put on a performance of a musical drama

**Journalism:** takes you through some of the key components of English-language newspapers and the creation of a group paper.

**DJing**
